## PROGRESS TOWARDS OVERALL AIM OF THE PROJECT

The project has created a Society/Sangha environment during the period April-12 to March-13 for **703 students including boys=271, girls=432 and staff= 12**, base on Liberty, Equality, and Fraternity taught by Dr. B. R. Ambedkar in which everybody has got opportunity to fulfil their needs, regardless of their background or beliefs. We created an atmosphere where youth (**age between 12-20=446, 20-28=191, 28-35=60, 35 above=6**) from different caste backgrounds (**SC=400 + ST=62 + NT=27 + Hindu=22 + OBC=150 + Muslim=30 + Christian=9 + open=3**) mix without discrimination in a friendly supportive non-violent learning environment.

Every year we aim to contribute to the realization of that vision by imparting computer education and personality development to the most disadvantaged parts of society **340 BPL students Including Boys=112 and girls=228**. The project has a 13 yrs. long and successful track record in Nagpur of delivering education and has a strong approach to sustainability. During the period project has attracted **363 students including boys=159 and girls=204** those were able to pay a fee for education and trained these students alongside those needing support.

Friendship, courage, independence, decision-making, determination, confidence, vision and professionalism are some of the many benefits students gained through the current Aryaloka project.
